5. IMPLEMENTATION AND TESTING

5.1 Implementation Approach

- **Introduction**
- **Input and Output Design Implementation**
- **Database Implementation**
- **Table Structures**
- **Code Module**
- **System Implementation**
- **Project Summary**

5.2 Coding Details and Code Efficiency

(add important module code here)

5.3 Testing Approach **(write paragraph on following testing techniques)**

5.3.1 Unit Testing

5.3.2 Integration Testing

5.3.3 System Testing

5.4 Modifications and Improvements
